I am aware that my student will be participating in the Super Smash Bros Gaming Club at Pleasant Grove High School. This club discusses topics relevant to design, development, and play of computer, console, and tabletop games. Students will be playing games under the supervision of club advisors on school grounds. Video games are rated by the ESRB and we will be playing games that range from E to M, however, **games which contain excessive violence, nudity, or contain derogatory language will not be allowed.** Club advisors reserve the right to disallow any game which they determine to contain material inappropriate for an educational setting.

The club does provide some gaming equipment and supplies for students to use. Students are responsible for making sure that this equipment is well-kept and returned at the end of every club meeting. Students are allowed to bring their own gaming equipment and supplies, but those students are responsible for those supplies during the club activity and must take them home with them when the activity is done.

I approve my student to play computer and console games (strictly chosen for this club by the advisor) that fall in the following ESRB ratings:
